

## Body Shells & Add-Ons - Body Shell On-Road

### Nissan Skyline R34 GT-R, 196 mm

A huge decal sheet comes with the body, featuring window lines, door handles, headlights, tail lights, grilles and all the exacting details that customers have come to expect! Official NISMO (Nissan Motorsports) and GT-R decals are also included for scale detail fans. R/C newcomers will like how they can paint the body one color and just put the large GT R logos on the car for a quick "custom" car!

A convenient overspray film is included, as well as vinyl window masks to make painting quick and easy.

Manufacturer: HPI (7327), length: 445 mm, width (outside dimension fender): 196 mm, wheelbase: 255 mm, [item number: 21107](#)
