

Tires & Rims - Tires/Buggy 3.2"

Buggy tires "Suburbs MC"

2 pieces tires for buggies "Suburbs MC" with preassembled molded foam inserts. MC compound (clay).

Manufacturer: Proline (903617), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12504](#)

Buggy tires "Sniper M2"

2 pieces tires for buggies "Sniper M2" with preassembled molded foam inserts. M2 compound (medium).

Manufacturer: Proline (903501), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12506](#)

Buggy tires "Sniper M3"

2 pieces tires for buggies "Sniper M3" with preassembled molded foam inserts. M3 compound (soft).

Manufacturer: Proline (903502), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12507](#)

Buggy tires "Sniper M4"

2 pieces tires for buggies "Sniper M4" with preassembled molded foam inserts. M4 compound (extra soft).

Manufacturer: Proline (903503), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12508](#)

Buggy tires "Recoil M2"

2 pieces tires for buggies "Recoil M2" with preassembled molded foam inserts. M2 compound (medium).

Penetrating lugs assure peak performance on loose and dusty soil with the centered parallel bars provide maximum forward acceleration.

Manufacturer: Proline (903401), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12510](#)

Buggy tires "Crime Fighter M3"

2 pieces tires for buggies "Crime Fighter M3" with preassembled molded foam inserts. M3 compound (soft).

This newly developed 1:8 carcass combined with diamond edge tread provides aggressive traction and superior performance on off-road 1:8 buggies.

Manufacturer: Proline (901402), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12515](#)

Buggy tires "Knuckles 2.0 M2"

2 pieces tires for buggies "Knuckles 2.0 M2" with preassembled molded foam inserts. M2 compound (medium).

Manufacturer: Proline (902001), width: 41 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12517](#)

Buggy Tires "Revolver 2.0 M2"

2 pieces tires for buggies "Revolver 2.0 M2" with preassembled molded foam inserts. M2 compound (medium).

Manufacturer: Proline (903701), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12519](#)

Buggy Tires "Revolver 2.0 M3"

2 pieces tires for buggies "Revolver 2.0 M3" with preassembled molded foam inserts. M3 compound (soft).

Manufacturer: Proline (903702), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12520](#)

Buggy Tires "Revolver 2.0 M4"

2 pieces tires for buggies "Revolver 2.0 M4" with preassembled molded foam inserts. M4 compound (extra soft).

Manufacturer: Proline (903703), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12521](#)

teilehaus

Buggy tires "Bow-Tie XTR"

2 pieces tires for buggies "Bow-Tie XTR" with preassembled molded foam inserts. XTR compound (firm).

The Bow-Tie's design provides unsurpassed forward bite due to the horizontal, straight-edge styling. Another unique feature of the Bow-Tie is the tapered outer pin design. This tapered effect resists ruts in corners ensuring for greater cornering consistency.

Manufacturer: Proline (902500), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12525](#)

Buggy tires "Hole Shot XTR"

2 pieces tires for buggies "Hole Shot XTR" with preassembled molded foam inserts. XTR compound (firm).

Manufacturer: Proline (902600), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12529](#)

Buggy tires "Hole Shot M2"

2 pieces tires for buggies "Hole Shot M2" with preassembled molded foam inserts. M2 compound (medium).

Manufacturer: Proline (902601), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12530](#)

Buggy tires "Hole Shot M3"

2 pieces tires for buggies "Hole Shot M3" with preassembled molded foam inserts. M3 compound (soft).

Manufacturer: Proline (902602), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12531](#)

Buggy tires "Hole Shot M4"

2 pieces tires for buggies "Hole Shot M4" with preassembled molded foam inserts. M4 compound (super soft).

Manufacturer: Proline (902603), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12532](#)

Buggy tires "MOAB"

2 pieces tires for buggies "MOAB" with preassembled foam inserts.

The Moab tread is super aggressive yet responsive enough on a multiple of surfaces. It shines on a variety of dirt surfaces while maintaining unmatched control on street surfaces. Grass, fields, or sand are no problem for the Moab either due to its deep channels designed to dig in to the surface below.

When you're looking to outperform the competition, then check out a set of the new MOAB tires from Proline.

Manufacturer: Proline (902200), width: 41 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12534](#)

Buggy tires "Tazer M2"

2 pieces tires for buggies "Tazer M2" with preassembled molded foam inserts. M2 compound (medium).

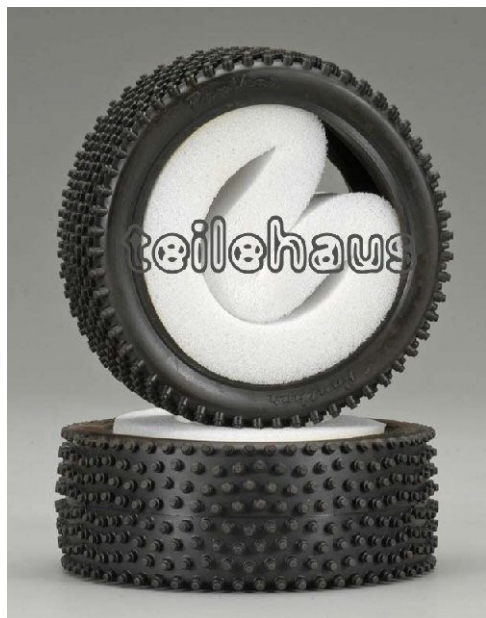

Manufacturer: Proline (904001), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12550](#)

Buggy tires "Tazer M4"

2 pieces tires for buggies "Tazer M4" with preassembled molded foam inserts. M4 compound (super soft).

Manufacturer: Proline (904003), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 110 mm, [item number: 12552](#)

Buggy tires "Step Pin" soft compound

2 pieces tires for buggies "Step Pin" with inserts. Soft compound.

Great on loamy tracks.

Manufacturer: Panther (T900S), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12601](#)

Buggy tires "Slick" soft compound

2 pieces tires for buggies "Slick" with inserts. Soft compound.

Manufacturer: Panther (T975S), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 106 mm, [item number: 12606](#)

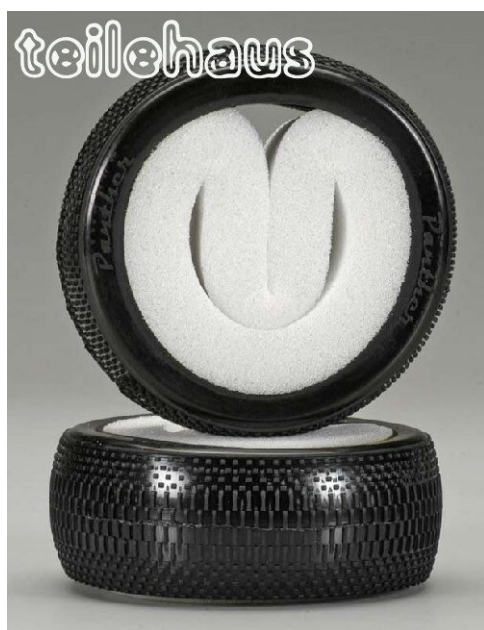

Buggy tires "Stinger" soft compound

2 pieces tires for buggies "Stinger" with inserts. Soft compound.

This is a great tire for dusty hard packed, rutty surfaces!

Manufacturer: Panther (T995S), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12610](#)

Buggy tires "Switch 2.0"

2 pieces tires for buggies "Switch 2.0" with inserts.

For Blue Groove and Clay tracks.

Manufacturer: Panther (T997C), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12611](#)

teilehaus

Buggy tires "Switch 2.0" soft compound

2 pieces tires for buggies "Switch 2.0" with inserts. Soft compound.

For Blue Groove and Clay tracks.

Manufacturer: Panther (T997S), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 113 mm, [item number: 12612](#)

Buggy tires "Proto", Pink Compound

2 pieces tires for 1/8 buggies "Proto". Pink compound (extra soft).

This is a great all-purpose tyre that performs great on hard-packed dirt, grass, loose surfaces and even tarmac, so for racing, practice or just playing around, this is should be one of your top choices!

Manufacturer: Hot Bodies (67926), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12651](#)

Buggy tires "Proto", White Compound

2 pieces tires for 1/8 buggies "Proto". White compound (medium).

This is a great all-purpose tyre that performs great on hard-packed dirt, grass, loose surfaces and even tarmac, so for racing, practice or just playing around, this is should be one of your top choices!

Manufacturer: Hot Bodies (67745), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12653](#)

Buggy tires "Block", Pink compound

2 pieces tires for 1/8 buggies "Block". Pink compound (extra soft).

The medium sized lugs on this tire make it a good all around tire that can provide excellent grip and handle a main event. Red is our soft compound.

Manufacturer: Hot Bodies (67924), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12655](#)

Buggy tires "Block", Red Compound

2 pieces tires for 1/8 buggies "Block" with inserts. Red compound.

The medium sized lugs on this tire make it a good all around tire that can provide excellent grip and handle a main event. Red is our soft compound.

Manufacturer: Hot Bodies (67769), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12656](#)

Buggy tires "Block", White Compound

2 pieces tires for 1/8 buggies "Block" with inserts. White compound.

The medium sized lugs on this tire make it a good all around tire that can provide excellent grip and handle a main event. White is our firm compound.

Manufacturer: Hot Bodies (67756), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12657](#)

Buggy tires "Block", blue compound

2 pieces tires for 1/8 buggies "Block" with inserts. Blue compound.

The medium sized lugs on this tire make it a good all around tire that can provide excellent grip and handle a main event. Blue is our hard compound.

Manufacturer: Hot Bodies (67759), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12658](#)

Buggy Tires "Khaos", Pink Compound

2 pieces tires for 1/8 buggies "Khaos" with inserts. Pink compound (extra soft).

HB Khaos tires have been designed specifically to suit a range of off road racing conditions, and are perfect for loose dirt, clay, blue groove and damp tracks. They also work great on hard surfaces with a scattering of dust on top.

Manufacturer: Hot Bodies (67925), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12660](#)

Buggy Tires "Khaos", Red Compound

2 pieces tires for 1/8 buggies "Khaos" with inserts. Red compound (soft).

HB Khaos tires have been designed specifically to suit a range of off road racing conditions, and are perfect for loose dirt, clay, blue groove and damp tracks. They also work great on hard surfaces with a scattering of dust on top.

Manufacturer: Hot Bodies (67757), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 112 mm, [item number: 12661](#)

Buggy Tires "Khaos", White Compound

2 pieces tires for 1/8 buggies "Khaos" with inserts. White compound (medium).

HB Khaos tires have been designed specifically to suit a range of off road racing conditions, and are perfect for loose dirt, clay, blue groove and damp tracks. They also work great on hard surfaces with a scattering of dust on top.

2 pieces tires for 1/8 buggies "Beams". Red compound (soft).

Manufacturer: Hot Bodies (67936), width: 43 mm, inside diameter: 81 mm (3.2"), outside diameter: 107 mm, [item number: 12673](#)

Buggy Tires "Double Dee's", Yellow Compound

2 pieces tires for 1/8 buggies "Double Dee's" with preassembled medium molded inserts. Yellow compound (medium).

The Double Dee's tire is perfect for a variety of track surfaces. The especially unique Double Dee lug technology allow the flexibility necessary to compete on even the most demanding surfaces for an extended period of time. Double Dee's are good to the last drop as the design allows even wear all the way down to the tire body.

The Double Dee's incorporate a compact tire body with crisp tread and separation for intense racing.

Manufacturer: JConcepts (300700), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12701](#)

Buggy Tires "Double Dee's", Blue Compound

2 pieces tires for 1/8 buggies "Double Dee's" with preassembled medium molded inserts. Blue compound (soft).

Manufacturer: JConcepts (300701), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12702](#)

Buggy Tires "Goose Bumps", Blue Compound

2 pieces tires for 1/8 buggies "Goose Bumps" with preassembled medium molded inserts. Blue compound (soft).

The totally unique step pin and bar lug design allow even greater control on slightly loamy and wet conditions. The Goose Bumps are a special breed, designed for maximum performance when new or used as the design allows even wear all the way down to the tire body.

The Goose Bumps incorporate a compact tire body with a crisp tread pattern with precise separation for intense racing competition.

Goose Bumps in new condition excel on soft surfaces with either dry or wet conditions. Worn Goose Bumps excel on indoor or outdoor clay tracks where a slight groove has formed.

Manufacturer: JConcepts (300801), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12708](#)

Buggy Tires "Hit Men", Yellow Compound

2 pieces tires for 1/8 buggies "Hit Men" with preassembled medium molded inserts. Yellow compound (medium).

The JConcepts Hit Men tire is a hired gun and is out on the prowl. The unique pyramid lug design combined with sticky compounds allow the flexibility necessary to compete on a multitude of the most demanding surfaces for an extended period of time. The Hit Men are a special breed, designed for maximum performance when new or used as the design allows even wear all the way down to the tire body.

The Hit Men incorporate a compact tire body with a crisp tread pattern with precise separation for intense racing competition.

Manufacturer: JConcepts (300900), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12713](#)

Buggy Tires "Hit Men", Blue Compound

Buggy Tires "Sevens", Gold Compound

2 pieces tires for 1/8 buggies "Sevens" with preassembled medium molded inserts. Gold compound (indoor).

As a driver, looking for a competitive edge is routine and with JConcepts you will look no further than the Sevens. Sevens are a result of 2-years of research and development on the world and national 1/8th buggy circuit. The Sevens are a well thought out design incorporating the small pin design of the Double Dee's combined with directional and functional undertones which produce increased grip while reducing wear.

Manufacturer: JConcepts (302905), width: 43 mm, inside diameter: 81 mm (3,2"), outside diameter: 111 mm, [item number: 12736](#)

Buggy Tires "Bar Codes", Yellow Compound

2 pieces tires for 1/8 buggies "Bar Codes" with preassembled medium molded inserts. Yellow compound (medium).

The alternating bar design combined with the addition of the Y side bars provide uncompromised support for blue and black groove conditions.

The Bar Codes are a part of the JConcepts special breed of tire, designed for maximum performance when new or used as the design allows even wear all the way down to the tire body.

Manufacturer: JConcepts (303000), width: 42 mm, inside diameter: 81 mm (3,2"), outside diameter: 108 mm, [item number: 12740](#)

Buggy Tires "Crowbars", Yellow Compound

2 pieces tires for 1/8 buggies "Crowbars" with preassembled medium molded inserts. Yellow compound (medium).

It doesn't matter if the track is wet, loamy, dry or blue grooved the Crowbars are safe and offer racers a confidence inspiring performance. The heart of the Crowbar design is the center lug design which is a combination of hefty size lugs, half-height bridges and slim cuts which induce added flex and traction.

Manufacturer: JConcepts (303100), width: 43 mm, inside diameter: 81 mm (3.2"), outside diameter: 112 mm, [item number: 12742](#)

Buggy Tires "Crowbars", Blue Compound

2 pieces tires for 1/8 buggies "Crowbars" with preassembled medium molded inserts. Blue compound (soft).

It doesn't matter if the track is wet, loamy, dry or blue grooved the Crowbars are safe and offer racers a confidence inspiring performance. The heart of the Crowbar design is the center lug design which is a combination of hefty size lugs, half-height bridges and slim cuts which induce added flex and traction.

Manufacturer: JConcepts (303101), width: 43 mm, inside diameter: 81 mm (3.2"), outside diameter: 112 mm, [item number: 12743](#)

Buggy Tires "Crossbows", Yellow Compound

2 pieces tires for 1/8 buggies "Crossbows" with preassembled medium molded inserts. Yellow compound (medium).

Crossbows are a world leading tire combination right out of the package, the unique Crossbow lug technology allow the flexibility necessary to compete on even the most demanding surfaces for an extended period of time.

Manufacturer: JConcepts (303200), width: 43 mm, inside diameter: 81 mm (3.2"), outside diameter: 111 mm, [item number: 12748](#)

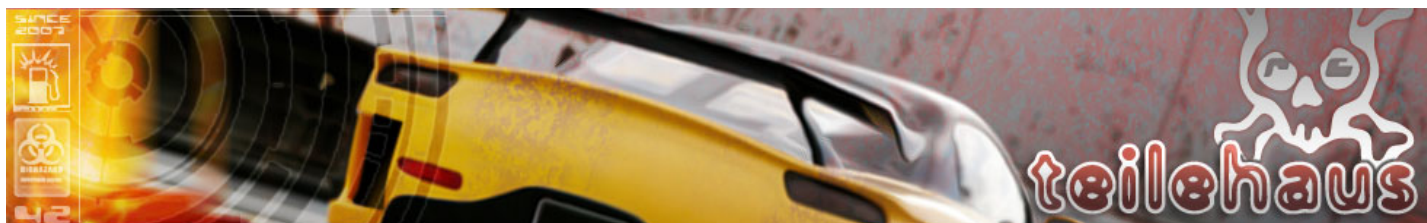

Buggy Tires "Crossbows", Blue Compound

2 pieces tires for 1/8 buggies "Crossbows" with preassembled medium molded inserts. Blue compound (soft).

Crossbows are a world leading tire combination right out of the package, the unique Crossbow lug technology allow the flexibility necessary to compete on even the most demanding surfaces for an extended period of time.

Manufacturer: JConcepts (303201), width: 43 mm, inside diameter: 81 mm (3.2"), outside diameter: 111 mm, [item number: 12749](#)

Buggy Tires "Crossbows", Green Compound

2 pieces tires for 1/8 buggies "Crossbows" with preassembled medium molded inserts. Green compound (extra soft).

Crossbows are a world leading tire combination right out of the package, the unique Crossbow lug technology allow the flexibility necessary to compete on even the most demanding surfaces for an extended period of time.

Manufacturer: JConcepts (303202), width: 43 mm, inside diameter: 81 mm (3.2"), outside diameter: 111 mm, [item number: 12750](#)

Buggy Tires "Subcultures", Blue Compound

2 pieces tires for 1/8 buggies "Subcultures" with preassembled molded inserts. Blue compound (soft).

It's a whole new world down within the tread as the Subcultures are the first 1/8th buggy tire with three tier lug technology. The precisely spaced pyramid shaped tread provides the initial feel and control for hard packed, loose and loamy conditions while the step base give the necessary height for wet and soft conditions. At the very base of the Subcultures is a mesh of tread which provides grip at a time when most tires are left bald.

Manufacturer: JConcepts (303401), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12755](#)

Buggy Tires "Subcultures", Orange Compound

2 pieces tires for 1/8 buggies "Subcultures" with preassembled molded inserts. Orange compound (soft).

It's a whole new world down within the tread as the Subcultures are the first 1/8th buggy tire with three tier lug technology. The precisely spaced pyramid shaped tread provides the initial feel and control for hard packed, loose and loamy conditions while the step base give the necessary height for wet and soft conditions. At the very base of the Subcultures is a mesh of tread which provides grip at a time when most tires are left bald.

Manufacturer: JConcepts (303404), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12758](#)

Buggy Tires "3Ds", Blue Compound

2 pieces tires for 1/8 buggies "3Ds" with preassembled molded inserts. Blue compound (soft).

3Ds excel on indoor and outdoor hard packed surfaces with either dry or wet conditions.

Manufacturer: JConcepts (304701), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12760](#)

Buggy Tires "Double Dee's V2", Yellow Compound

2 pieces tires for 1/8 buggies "Double Dee's V2" with preassembled medium molded inserts. Yellow compound (medium).

Manufacturer: JConcepts (3007V200), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12766](#)

Buggy Tires "Double Dee's V2", Blue Compound

2 pieces tires for 1/8 buggies "Double Dee's V2" with preassembled medium molded inserts. Blue compound (soft).

Manufacturer: JConcepts (3007V201), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12767](#)

Buggy Tires "Double Dee's V2", Green Compound

2 pieces tires for 1/8 buggies "Double Dee's V2" with preassembled medium molded inserts. Green compound (extra soft).

Manufacturer: JConcepts (3007V202), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12768](#)

Buggy Tires "Hybrids", Yellow Compound

2 pieces tires for 1/8 buggies "Hybrids" with preassembled medium molded inserts. Yellow compound (medium).

Manufacturer: JConcepts (304800), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12772](#)

Buggy Tires "Hybrids", Blue Compound

2 pieces tires for 1/8 buggies "Hybrids" with preassembled medium molded inserts. Blue compound (soft).

Manufacturer: JConcepts (304801), width: 42 mm, inside diameter: 81 mm (3.2"), outside diameter: 108 mm, [item number: 12773](#)
